Bruno Paillard

Founded in 1981, Bruno Paillard, based in the Reims region of Champagne, is the youngest and one of the smallest Champagne houses. Since then, it has established a fine reputation for excellence in quality and the first to introduce the date of *dégorgement* dates on their back labels, which benefited consumers significantly. Its house label, the Brut Première Cuvée uses only the first press (hence the name) guarantees the premium quality and consistency that goes into the unchanging blend of 45% Pinot Noir, 33% Chardonnay and 22% Pinot Meunier.

This is a winery that takes its time; blending of the base wines is often several months later than other houses, to allow the individual wines to develop and express their character more fully before the blend is assembled. M Paillard feels that the *dégorgement* process is a big shock for the wines, and so the wines are aged a further 4-5 months afterwards, and up to 18 months for the N.P.U.

Clarisse

Puisseguin Saint- Emilion

THE HISTORY OF CHÂTEAU CLARISSE -

Driven by the passion for wine and the taste for challenge, Olivia and Didier Le Calvez have been signing their own wine since 2010 in one of the most illustrious regions of the Bordeaux constellation, a UNESCO World Heritage Site. The Saint-Emilionnais.

After several years of research started in 2007, the dream of Olivia and Didier took the form of an authentic Girondine stone stuffed in the green landscape and all in gentle curves of the right bank. This old winery with magnificent wine cellars, which for more than a century has been in the hands of the Estager family, is surrounded by a beautiful vineyard (perched at 89 meters) on the plateau of Puisseguin, one Of the four "satellite" villages of Saint-Emilion. Only a humble brook, the Barbanne, a sub-tributary of the Dordogne, separates them from the illustrious strong city.

"After two years of research, we had a real favorite for a vineyard property combining ideal terroir and climate, combined with a perfect vineyard, 80% Merlot and 20% Cabernet Franc. To develop a wine as I imagined it, rich in perfume and subtle ".

Thus was born Château CLARISSE, the name of their daughter (who was three years old at the birth of the first bottle, in 2010), to write a beautiful family story...

Planted Area: 5.11 hectares

Grape Varieties: 85% Merlot, 15% Cabernet Franc

Age of Vineyard: 35 years old

Type of Soil: Clay-limestone/Clay siliceous

Wine-making process: Wine-making with whole fruits (no treading), fermentation in thermo-regulated cement vats, in small quantities for parcel selection

Maturing: 20% in new barriques and 80% in year-old barriques

Puy Blanquet

Etablissements Jean-Pierre Moueix

St. Emilion

THE HISTORY OF CHÂTEAU PUY BLANQUET -

Overlooking the Dordogne valley in a village two miles east of Saint-Émilion, this pretty vineyard is planted on a clay-limestone slope thanks to which the northern and eastern parcels enjoy perfect morning sunshine. Château Puy-Blanquet was known as one of the best Saint-Émilion Grand Crus as early as the 19th century, and was awarded a part of the collective gold medal bestowed upon a selection of Saint-Émilion chateaux at the Paris Exposition of 1889.

Today the vineyard is owned by the Jacquet family and managed by Pierre Meunier, who was trained by Ets. Jean-Pierre Moueix, with a real respect for tradition and quality. Soils are ploughed in order to ensure deeper root systems; green harvest, leaf-cropping, and harvests are done by hand. Thermo-regulated concrete tanks ensure well-controlled fermentations.

The wines are fresh and generous and can be enjoyed after just a two or three years of cellaring.

Planted Acreage: 20 hectares

Grape Varieties: 75% Merlot, 15% Cabernet Franc and 10% Cabernet Sauvignon

Type of Soil: Clay on chalk

Production: 130,000 bottles

La Grave a Pomerol

*Etablissements Jean-Pierre Moueix
Pomerol*

THE HISTORY OF CHÂTEAU LA GRAVE A POMEROL -

A lovely estate situated on the western side of the plateau of Pomerol, Château La Grave dates back to the 19th century, when it was owned by the Trigant de Boisset family. As its name indicates, the terroir of Château La Grave is almost pure gravel, marking the beginning of a mile-long gravelly strip that continues into Saint-Émilion, passing through Château Cheval Blanc before ending at Château Figeac.

Acquired by Christian Moueix in 1971, Château La Grave was his first vineyard purchase. A great deal of attention was given to the renovation of the vineyard, château, and cellar in order to restore the wine's place among the top wines of Pomerol.

An elegant, delicate, charming wine, the gravelly soils of La Grave offer poise and linearity, while the ripe, red fruit and characteristic silky texture make the wine approachable and enjoyable, even in its youth.

Planted Acreage: 8 hectares

Grape Varieties: 85% Merlot and 15% Cabernet Franc

Type of Soil: Gravel with some light clay

Production: 36,000 bottles

L'Hospitalet de Gazin (second wine of Chateau Gazin)

Etablissements Jean-Pierre Moueix
Pomerol

Château Gazin is situated on the site of the former "Hospital de Pomeyrols," which was constructed in the 12th century by the knights of Saint-Jean de Jérusalem to welcome pilgrims on their way to St Jacques de Compostelle. The property is owned by the Bailliencourt dit Courcol family, descendants from the high lords of Landas, one of the oldest families of the Artois (north of France), whose crest they bear. The surname "dit Courcol" («known as Courcol») dates back to 1214, when Philippe-Auguste, King of France, congratulated one of the members of the family for his exploits during the Battle of Bouvines, calling him «court col» (literally «short neck»). The family motto became: «fut par vertu Courcol» ("became Courcol through virtue").

Château Gazin is located on the north-eastern part of the Pomerol plateau, between Châteaux Petrus and Lafleur-Gazin, on a terroir of Gunzian gravel with a subsoil of blue and green clay with iron oxides. The vineyard is managed with an environmentally friendly approach: ploughing, organic fertilizers, minimum use of pesticides, mating disruption, manual harvests...

Traditional techniques and modern knowledge are applied in equal measure both in the vineyard and in the winery, to ensure consistent high quality and expression of terroir. After the manual harvest, the grapes are vinified in small concrete tanks before being aged for 18 months in oak barrels.

L'hospitalet de Gazin, the second wine of Château Gazin, has been produced since 1986 from the fruit of younger vines. An elegant, supple, charming wine, it can be enjoyed after just a few years in bottle.

Planted Area: 24 hectares

Grape Varieties: 90% Merlot, 7% Cabernet Sauvignon and 3% Cabernet Franc

Type of Soil: Sand, gravel on clay subsoil

Production: 200,000 bottles

Domaine Vincent Girardin

The history of Maison Vincent Girardin is relatively recent. In 1980, at the age of 19, Vincent Girardin, the son of a family of winegrowers based in Santenay since the 17th century, decided to strike out on his own, and began producing wine from two hectares of vines that he inherited. The quality of his wines was quickly recognised by connoisseurs all over the world, which enabled him to expand his activity, focusing primarily on the great white and red wines of the Côte de Beaune.

In the early 2000s, with the arrival of Eric Germain as winemaker, a profound change began to take place. They decided to concentrate on the essence of the wines: the expression of the great terroirs of Burgundy. A new purity of style was born, which has now been acknowledged by all winemakers.

In 2012, Vincent Girardin sold his operation to a long-standing partner of the Maison, Mr. Nié, President of the Compagnie des Vins d'Autrefois in Beaune. Eric Germain continues to uphold the style of the wines.

Vinification

Vincent Girardin Red Wines -GRAND PINOT NOIR, A NOBLE GRAPE

Maison Vincent Girardin strives to make wines that offer the best possible representation of Burgundy's terroir.

Our Grand Pinot Noir Bourguignon is by nature a refined, noble grape, and our objective is to respect this character as much as possible and therefore not too over-extract, so that all the splendour of Burgundy can be expressed in these Great Terroirs.

The main stages in our work as winegrowers:

In order to give you an idea of the tasks involved, here is an outline of the main stages of our work in Burgundy's vineyards:

- Severe pruning aiming at reducing yield;
- Reasoned farming favouring organic products (copper and sulphur);
- Ploughing, without herbicides or pesticides;
- Work on growing vines (disbudding, trellising), allowing to obtain a better photosynthesis and an optimal health of the grapes;
- manual harvests with sorting in the vineyard;
- automatic manual sorting in the vat room by an experienced team followed by optical sorting depending on the vintage;
- partial destemming of the harvest;
- transfer to temperature-controlled stainless steel tanks;

RED BURGUNDY - AGENCY

- alcoholic fermentation by indigenous yeasts naturally present on the grapes for about three weeks;
- pumping over and light crushing in order to respect the grapes' natural structure and to obtain the purest possible wines and the best expression of the terroir;
- gentle pressing;
- transfer to casks after a light settling in French oak barrels (between 10 and 30% new barrels depending on the appellation) in which malolactic fermentation takes place due to the indigenous bacteria (naturally present in the grape juice);
- maturing for 16 to 18 months on fine lees;
- traditional racking cask by cask by gravity;
- bottling without fining or filtration, respecting the lunar calendar.

Vinification

Vincent Girardin White Wines -THE SPLENDOUR AND INDIVIDUALITY OF OUR TERROIRS

To obtain the best possible quality, Eric Germain vinifies the wines as naturally as possible.

Maison Vincent Girardin's objective is to capture the splendour and the individuality of our terroirs where, in Burgundy, there is a significant presence of limestone. The characteristics of the soil result in wines with a wonderful freshness and minerality.

The main stages in our work as winegrowers:

In order to give you an idea of the tasks involved, here is an outline of the main stages of our work in Burgundy's vineyards:

- Severe pruning aiming at reducing yield;
- Reasoned farming favouring organic products (copper and sulphur);
- Ploughing, without herbicides or pesticides;
- Work on growing vines (disbudding, trellising), allowing to obtain a better photosynthesis and an optimal health of the grapes;
- manual harvests;
- sorting in the vineyard;
- pressing to obtain slow extraction;
- transfer to casks after a light settling in French oak barrels (between 10 and 35% new barrels depending on the appellation) in which alcoholic and malolactic fermentation take place due to the indigenous yeasts and bacteria (naturally present in the grape juice);
- long maturing on fine lees, for between 14 and 20 months, depending on the wine;
- bottling on site respecting the lunar calendar.

Domaine Louis Moreau

Domaine Louis Moreau was born from the passion of a family settled in Chablis in 1814. In the late 19th century, the love of this family for great wines brought her to purchase plots in Grands Crus and Premiers Crus. Nowadays, proprietor of parcels in 5 of the Grands Crus, including a monopole, the domaine works many plots within the appellations of Petit Chablis, Chablis and Premiers Crus, in full respect of the environment. The most prestigious of its wines is the monopole Chablis Grand Cru Clos des Hospices dans les Clos whose acquisition was made by the Moreau family in 1904.

Louis Moreau, who has been heading the domaine since 1994, elaborates wines of unique style, combining minerality, fineness, elegance and purity. Their Chablis and Chablis Premiers Crus wines are vinified and aged in stainless steel tanks to better express their minerality and elegance. On the other hand, the strength and richness of our Grands Crus allow us to reasonably use oak barrels for a harmonious aging of these ones.

In the heart of Chablis, in Burgundy, Louis Moreau produces and sells exceptional wines, worldwide recognized.

Planted 100% with Chardonnay grape variety, on the unique terroir of Chablis, the vines of Domaines Louis Moreau are spread over the 4 levels of the appellation: Petit Chablis, Chablis, Chablis 1er Crus and Chablis Grands Crus.

Domaine Du Pegau

Domaine du Pegau, a Châteauneuf-du-Pape producer in the Southern Rhône Valley, is run by father-daughter team Paul and Lawrence Ferraud. These wines are wines of patience; needing at least 5 years from the vintage to truly develop. Only a few Châteauneuf producers are making wines that have this longevity, most needing to be drunk within 5 years. Originally, in the 17 century, the Ferrauds family farmed grapes and other fruit on the same land.

Pegau, meaning, "wine jug", uses 11 of the 18 traditional Châteauneuf-du-Pape varietals which they blend into two special wines, the Cuvée da Capo and Cuvée Reservee. The wines stylistically are pastoral, brawny, tannic and must have an alcohol level between 13-15% to be considered Châteauneuf-du-Pape.

About the Vineyards

Domaine du Pegau owns 21 hectares of vines in Châteauneuf-du-Pape. 19.5 hectares are used for red wine grapes. 1.5 hectares of vines are reserved for growing white wine grapes. Due to the small size of the parcels used for the white wine grapes at Domaine Pegau, those grapes are farmed using 100% biodynamic farming techniques. The red wine grapes are not farmed biodynamically. The vineyards for Domaine du Pegau are located in different areas of Châteauneuf-du-Pape in a total 11 different parcels. The best vines of Domaine du Pegau are located on the plateau of La Crau. They have old vines. Their oldest vines were planted in 1902.

They have a terroir of rocks, stones, clay and limestone soils. They also own 5 hectares of vines in the Cotes du Rhone appellation, 20 hectares of vines in the Cotes du Rhone Villages and 19 hectares of vines that are classified as Vin de France.

SOUTHERN RHONE - AGENCY

Chateau Pegau

-Cotes du Rhone Rouge Cuvee Maclura

-Pink Pegau Vin de France

A new addition for the Feraud family since 2012, this 60 ha property is located just 6 kms south of the town of Chateauneuf-du-Pape to the west of the town of Sorgues. There are 41 ha of well established vines planted on land quite similar to that found in Chateauneuf-du-Pape with most of the vineyards being classified as Cotes du Rhone Villages (these are just 1-2 kms from the southern most border of Chateauneuf-du-Pape) and a smaller area as Cotes du Rhone as well as some vineyards without classification. As is found in Chateauneuf-du-Pape the predominant variety here is Grenache with smaller plantings of Syrah, Mourvedre and Cinsault and numerous other Rhone varieties. The vineyards are farmed in exactly the same way as for their Chateauneuf with strict pruning, green harvest to reduce yields and hand picking at harvest time and strict selection.

Clos Saint Jean

REGION

Châteauneuf-du-Pape was the first ever Appellation d'Origine Contrôlée established in France, in 1932. Small, rounded rocks from the ancient river bed known as galets roulés are a key aspect of what makes Châteauneuf -du-Pape wines so distinctive, with the rocks reflecting heat back into the vines at night, thus increasing ripeness and reducing acidity.

The gloriously rich red wines, redolent of the heat and herbs of the south, are enhanced by the complexity which comes from blending several grape varieties. Fourteen are permitted for reds: Grenache, Mourvedre, Syrah, Cinsault, Vaccarese, Counoise, Teret Noir, Muscadin, Picpoul Noir, Clairette, Grenache Blanc, Rousanne, Picpoul Gris and Picardin. With red Châteauneuf-du-Pape, Grenache typically dominates with Syrah and Mourvèdre in support.

ABOUT THE ESTATE

The prestigious Clos Saint Jean is run by the fourth generation of the Tacussel/Maurel family - Vincent and Pascal Maurel - under the tutelage of renowned oenologist Philippe Cambie. Clos Saint-Jean is considered by critics, sommeliers, and consumers alike to be among the top properties of the Southern Rhone.

The brothers, Vincent and Pascal Maurel have a great estate with a solid base of 12ha of old vines planted in 1905! Their forbears were amongst the first to plant on the typical Chateauneuf terroir of “gallet roule” or ancient river beds covered with large round “rolled” stones. The locals called the area La Combe des Fous, or small valley of fools, for anyone foolish enough to dig holes through the rocks MUST be foolish. Today this is amongst the most sought after land for high quality wines. Clos St Jean makes wine that is concentrated and honest; that is, not oaky and not overly extracted, but crammed with flavour, ripe and well balanced. The syrah is picked ripe and matured in small oak barrels, the grenache is only matured in large vats to protect the purity and freshness of the fruit. Vaccarese, a rarer variety is highly prized by the brothers, but “it is not very interesting at 35hl/ha or more, so we crop at 20 hl/ha (less than 1.5 tonnes per acre!) for a great result”.

Azelia

The Azienda Agricola Azelia is located within the commune of Castiglione Falletto, a small town in the heart of the area where Barolo is made.

It was established in 1920 by Cavalier Lorenzo Scavino, great-grandfather of the present owner Luigi Scavino, and at the beginning it was a small farm.

Luigi Scavino's grandfather, Alfonso, decided to vinify the grapes from the estate vineyards and started bottling the wine.

Thanks to Luigi's father, Lorenzo, with perseverance and willpower, the wines were for the first time exported.

Luigi is now supported by his wife Lorella and by his son Lorenzo, named after Luigi's father, and who represents the fifth generation of wine producers.

Luigi continues to apply what he learnt from his father, together with suitable modern techniques and respect for tradition and he exclusively vinifies the grapes from his estate vineyards.

Vineyard management is rigorous due to the belief that the wine is done there: all the operations are carried out by hand and scrupulous attention is given to the green harvest, one of the most important ways to control the quality of grapes.

The vineyards are located in Castiglione Falletto, Serralunga d'Alba and Montelupo Albese.

Dolcetto d'Alba Bricco dell'Oriolo is a single-vineyard wine produced from one of the best zones of the region for this variety: Montelupo albese.

From the estate youngest vines, 20 years on average, it is produced **Nebbiolo Langhe**, aged exclusively in steel.

Barbera d'Alba comes from the Vigneto **Punta**, a single-vineyard situated on top of a hill in Castiglione Falletto, with a full south exposure.

Base **Barolo** derives from the union of six different vineyards in Castiglione and Serralunga, matching with impeccable balance the different characteristics of the two communes.

The historical family vineyards are in Castiglione Falletto, where the 65-year-old vines of the great Cru **Bricco Fiasco** yield the homonymous Barolo.

From Serralunga d'Alba comes **Barolo Margheria**, an austere wine aged purely in large casks, which show all its minerality and sapidity.

Barolo San Rocco is one of the most famous Crus of Serralunga which shows perfectly the complexity and the strong character conferred by the clayey soils of this village.

Exclusively in excellent vintages a **Barolo Riserva** is produced from the oldest vineyard in Serralunga: the selected, less than one hectare single-vineyard Voghera Brea. Here the 75-year-old vines, with very low yields, give a wonderfully balanced wine.

Both barriques and large oak casks are utilised in order to make each cru mature in wood in the best and most appropriate way and in order to maintain its character and peculiarities.

The vinification style of the wines is distinguished by great care in the vineyards and in the cellar so as to achieve a superb quality.

The wines produced are Dolcetto d'Alba, Barbera d'Alba, Langhe Nebbiolo and Barolo.

The vineyards extension is 16 hectares and approximately 80,000 bottles of wine are produced each year.
